		Max. saving	Carbon output reductions	Equivalent to driving	Equivalent to planting	Tick when done	
..... Cost £0 - 50 .....	<b>1</b>	<b>A quick fix!</b> Draught-proofing and hole-fixing will help keep the cold out and help to reduce your bills.	<b>£105</b>	<b>316kg</b>	<b>143 miles</b>	<b>14 trees</b>	<input checked="" type="checkbox"/>
	<b>2</b>	<b>Save money with a snappier sing-along!</b> Keeping your showers to 4 minutes means less water, less energy, and less cost.	<b>£75</b>	<b>226kg</b>	<b>102 miles</b>	<b>10 trees</b>	<input checked="" type="checkbox"/>
	<b>3</b>	<b>Lower the flow.</b> If the water in your radiators is too hot, turning your central heating boiler flow temperature down will help to reduce your bills.*	<b>£112</b>	<b>467kg</b>	<b>204 miles</b>	<b>17 trees</b>	<input checked="" type="checkbox"/>
	<b>4</b>	<b>Small change, big difference.</b> Turning your room thermostat down by 1°C can mean impressive savings!	<b>£100</b>	<b>301kg</b>	<b>136 miles</b>	<b>13 trees</b>	<input checked="" type="checkbox"/>
..... Cost £100 - 1000 .....	<b>5</b>	<b>Heat rises, but your bills needn't.</b> Insulate your loft with 270mm and feel cosy this winter.	<b>£250</b>	<b>753kg</b>	<b>340 miles</b>	<b>34 trees</b>	<input checked="" type="checkbox"/>
	<b>6</b>	<b>Take control!</b> Maximise your efficiency and minimise your energy bills, with smart controls.	<b>£120</b>	<b>368kg</b>	<b>163 miles</b>	<b>16 trees</b>	<input checked="" type="checkbox"/>
..... Cost £1000+ .....	<b>7</b>	<b>New boiler, less stress.</b> If you've got an older G-rated boiler from the early 2000's you could save significantly by upgrading!	<b>£355</b>	<b>1,070kg</b>	<b>483 miles</b>	<b>48 trees</b>	<input checked="" type="checkbox"/>
	<b>8</b>	<b>Go greener.</b> Keep your gas bills and carbon footprint down by swapping your old boiler for a new heat pump or hybrid system.	<b>£295</b>	<b>889kg</b>	<b>401 miles</b>	<b>40 trees</b>	<input checked="" type="checkbox"/>

## Scan, save and smile!

For more details on the savings listed here, and further ways to save, head over to our website [www.worcester-bosch.co.uk/energy-saving-tips](http://www.worcester-bosch.co.uk/energy-saving-tips)

Savings are demonstrated in isolation. Energy saving tips and associated savings are taken from the Energy Saving Trust October 2023, excluding our 'central heating boiler flow temperature' tip. For full information visit our website via the link above.

\*Figures correct as of October 2022. Applies to gas-fired condensing combination boilers only. If you have a boiler fitted between 2005-2018, plus intelligent heating controls (including our Bosch EasyControl, Comfort control and our Wave control) or weather compensation controls, your boiler does this automatically without you having to make any changes.
